Board and Item Art: Agnieszka Dabrowiecka

"Rural town, Shady Acres, in hardship as missing persons cases top thirteen this fall. Locals have given reports of lost children wandering the town. Officials claim no evidence of foul play as the latest investigation concludes. If you have information on a missing person or a child in distress, please contact the Shady Acres Sheriff's Department."

— The Today Farmer, Local Headlines, Issue #1013

Components

1 Location board

10 Event cards

5 Setup cards

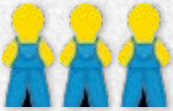

16 Item cards

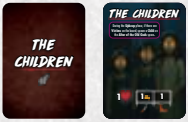

8 Terror cards

8 Ancient Curse cards

3 Children Meeples

1 Children card

12 Various Tokens

1 Children Action Token

SPECIAL SETUP

- Shuffle the **Ancient Curse** cards and make a facedown **Ancient Curse** deck.
- Place the **Children** card near the play area and place a **Child** meeple on the **Altar of the Old Gods** space. Place the other **Children** on the **Children** card.
- Place the **Children Action** token above any **Minion** or **Killer Actions** on the **Finale** card, indicating that the **Children** will act before any other **Enemies**.

SPECIAL RULES

CHILDREN

Children at **Shady Acres** have gone missing...it has been rumored that they've been doing some despicable things. The **Children** card has the **Children's** health, **Attack Value**, and **Movement Value**.

- The **Children** are not **Minions** but are considered **Enemies**.
- **Children** have their own **Action** line on the **Children Action** token. The **Children Action** is performed at the beginning of the **Killer** phase, before the **Minion Action** (if applicable) and the **Killer Action**.
- **Children** DO NOT resolve **Killer** or **Minion** actions on **Terror** cards or anywhere else unless the card specifically states that the action is to be performed by the **Children**.
- **Children** are activated one at a time starting with the **Child** closest to the **Altar of the Old Gods** space and ending with the **Child** farthest from that space.
- During the **Upkeep** phase, spawn a **Child** by placing its meeple on the **Altar of the Old Gods** space. If all **Children** are already on the board OR if there are no **Victims** on the board, the spawn is ignored.
- **Children** may be attacked and killed. If a **Child** is killed, their meeple goes back onto the **Children** card, available to be spawned in the future.
- If you choose to attack the **Children** and there are more than one of them in the same space, you are attacking ALL of them and you may divide damage among the **Children** in the target space as you wish. Any leftover damage is lost.

* **Victims** will follow you into a space that contains **Children** unless that space also contains the **Killer**.

* During the **Panic** phase, **Victims** on a space with a **Child** will panic if at least one **Victim** was killed that turn.

ABDUCTED VICTIMS

The **Children** appear to be under the control of ancient gods and abduct people to offer them as sacrifices. When the **Children** resolve the **Abduction** icon while on a space with a **Victim**, roll a die:

* On a **1-2** the **Victim** has been abducted to the altar of the Old Gods and sacrificed (killed). Return the **Child** to the **Altar of the Old Gods** space. Then, increase as normal and place the **Victim** on the back of the top card of the **Ancient Curse** deck.

* On a **3-6** the **Child** failed to abduct the **Victim** and nothing happens.

If there are no **Victims** in a **Child's** space when trying to resolve the icon, treat as a instead.

ANCIENT CURSES

As soon as there are **3** sacrificed **Victims** on the back of the top card of the **Ancient Curse** deck, the Old Gods have been fed and they unleash a curse upon the children's enemies. Remove the **Victims** from the card and reveal the **Ancient Curse** card, putting it into play. There may be multiple **Ancient Curse** cards in play at the same time.

FIELD SPACES

Bad things always seem to happen in the fields. Spaces with the icon are considered **Field** spaces. Several cards have effects that involve spaces.
