SPECIAL RULES

DEFINITIONS

- **EXHIBIT AREAS:** The yellow spaces marked with this icon ♠ are considered **Exhibit Area** spaces. Thematically this is where the vendor booths are and where everyone wants to be!
- **FOOD COURT:** The **Food Court** is located in the bottom left-hand corner of the board.
- **GENERAL AREAS:** All remaining spaces not captured in the 2 areas above are considered the **General Areas**.

NOTE! See the back of this rulebook for a visual key to each of these areas on the board.

RESTRICTED VICTIM FOLLOWING

The **Victims** are having such a great time at the convention that they will not willingly follow you OUT of **Exhibit Areas** and into **General Areas**! You may not have ANY **Victims** follow you when moving from a ♠ space to a **General Area** space. Instead, you will need to use the **Create a Panic Action** card to attempt to scare them from a ♠ space to a **General Area** space. **Victims** could also panic and move from a ♠ space to a **General Area** space per the normal rules (i.e. if panicking during the **Panic** phase or panicking from other effects).

MAIN HALLWAY

When panicking someone from the **Main Hallway**, roll **2** dice instead of **1** to determine the direction they panic.

SEARCHING

At **Mega Boardgame Con** you can search in ANY space (by resolving a **Search Action** card). The **Item** deck you draw from depends on the kind of space you are searching in: an **Exhibit Area** space ♠; the **Food Court** space; or a **General Area** space.

IMPORTANT! Because all spaces can be searched, there are no icons on the spaces. However, each space is considered a space for the purpose of effects that reference them. If unsure what to do in certain instances, apply the **Rules on Game Ambiguity**.

MOVING THROUGH HALLWAYS AND DOCKS

Hallways and docks are sparsely populated and you can move to other connected hallways and docks quickly! If you intend to move to a space connected by this icon, you get **+1** to resolve the **Action** card that grants the movement, but the first space you move to MUST be an adjacent space connected with a icon.

BOOTH CARDS AND BOOTH EVENTS

During each **Upkeep** phase you will draw a **Booth** card. If you need to draw a **Booth** card but the deck is empty, shuffle the discard pile to create a new deck.

When resolving a **Booth** card, roll a die and do one of the following:

- **1-3:** Spawn a normal **Victim** in the space with the **Booth**. This represents a new attendee showing up to the convention!
- **4-6:** Draw a **Booth Event** card and apply its effects in the space with the **Booth**.

Discard the **Booth** card after resolving it. **Booth Event** cards will instruct you as to whether or not the card should be discarded.

NOTE! Some card effects will instruct you to draw a **Booth** card for determining a **Booth** location. In these instances, do not resolve the **Booth** card by rolling a die.

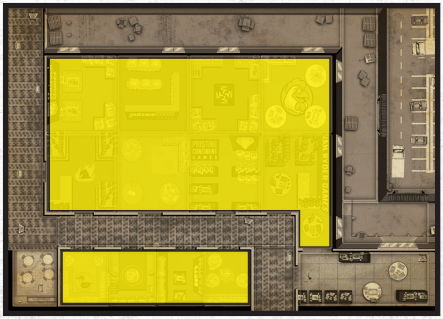

IMPORTANT! You will no longer draw a **Booth** card after the **Finale** is revealed. Take the **Finale Reminder** card, flip it over, and place it on top of the **Booth** deck.
